Frontend Technologies: React.js, Next.js, Redux, Bootstrap, Tailwind CSS, Responsive Web Design
Backend Technologies: Node.js, Express.js, RESTful APIs, Mongoose
Databases: MongoDB, Firebase, Redis,
UI/UX Libraries: Ant Design, Material UI, Shadcn UI,
Cloud & DevOps: AWS, CI/CD, Github Actions,
Tools & Technologies: Git, GitHub, Postman, VS Code,
Deployment Platforms: Vercel, Netlify

Experience

Nov 2025 – Present

SaylaniTech   *Karachi, Pakistan*

- Worked as a **MERN Stack Developer Intern** on the **Saylani Medical Management System**.
- Developed frontend components using React and built backend APIs using Node.js and Express.js.
- Integrated MongoDB with Mongoose for database schema design, data storage, and CRUD operations.
- Collaborated with team members to implement features, resolve bugs, and improve overall system functionality.

Projects

Flipkart Clone–E-commerce Website | *React.js, Firebase, Tailwind CSS*   **Click Here**
  - ∗ Built a Flipkart-inspired e-commerce web application using React with a clean and responsive UI.
  - ∗ Implemented Firebase for authentication, product data management, and real-time updates.
  - ∗ Developed core features including product listings, cart functionality, and user authentication.

Saylani Medical Management System | *MERN Stack (MongoDB, Express.js, React.js, Node.js)*   **Click Here**
  - ∗ Developed a complete MERN-based medical management system during internship at SaylaniTech.
  - ∗ Built backend APIs using Node.js, Express.js, MongoDB, and Mongoose for handling patients and records.
  - ∗ Integrated frontend with backend services to manage appointments, records, and system workflows.

Vistore UI Website | *Next.js, Tailwind CSS*   **Click Here**
  - ∗ Designed and developed a modern e-commerce user interface using Next.js with a focus on UI/UX.
  - ∗ Implemented responsive layouts, reusable components, and clean design patterns.

Education

Intermediate (Pre-Engineering)   **2023 – 2025**
Government National College   *Pakistan*

Web & App Development (MERN Stack)   **2024 – 2025**
Saylani Mass IT Training (SMIT)   *Karachi, Pakistan*

Certifications & Achievements

- **Saylani Mass IT Training (SMIT) - Full Stack Web Development** — 2024-2025
- Completed 12-month program: HTML5, CSS3, JavaScript ES6+, React.js, Next.js Node.js, Express.js, MongoDB
- Built 5+ hands-on projects and participated in 12-hour hackathon developing project portal
